02 Courses Selectable Depending on Language Level

If you are good at Japanese, join the regular international courses with Japanese students. If you want to learn Japanese anew, join the Japanese course for international students.

Beginner [N5]	→	Japanese Course	International Art & Design School 1.5 or 2-year course Male & Female	Japanese proficiency & Japanese culture. Study with original materials.
		International Business Management Course	International Business & Public Servant College 2-year course Male & Female	Develop human resources who learn business skills to work globally and bridge between Japan and their home country.
Intermediate Intended for students from overseas. [N2~N3]	→	International Hotel/Tourism Course	International Business & Public Servant College 2-year course Male & Female	Learn the Japanese-style services and develop skills to be a professional in hospitality.
		Intl. Automobile Service Course	International Information Engineering Automobile College 2-year course Male & Female	Aim at acquiring the class 2 automobile engineering licenses.
		International IT Management Course	International Information Engineering Automobile College 2-year course Male & Female	Develop professionals with advanced skills of services.
		International Electrical Course	International Information Engineering Automobile College 2-year course Male & Female	Obtain qualification of Second-Class electrician to work as a professional electric worker.
Advanced Study with Japanese students. [N2]	→	Regular International Courses	Select a professional area to study among 5 FSG affiliated schools.	

03 Fully Support Your Dream "Work in Japan!"

Learn Japanese necessary for your communication in Japan as well as professional skills in business, hospitality, automobiles, and IT. Many students found a job before graduation.

Mr. OKOROA FOR KENNETH ONYEBUCHI is engaged in interpretation and translation in English at Honda-Seisakusho Co., Ltd. (graduated from JO-BI International Business Course in 2016).

Mr. DO NHU TAN and Mr. NGUYEN NGOC THANTG work at Toyota Corolla Fukushima Co., Ltd. as an automobile mechanic (graduated from WiZ Intl. Automobile Service Course in 2017).

Ms.CHIT CHIT WAI fulfilled her dream receiving informal job offer as an IT engineer from SCALA, an IT company in Tokyo (graduated from WiZ Intl. IT & Game Course in 2019).

04 Collaboration between Japanese Students and Students from Overseas for Fruitful Results

The number of foreigners staying in Fukushima in 2019 surpassed the Great East Japan Earthquake level, marking a record high. Students irrespective of national origin work together, receiving practical experiences.

05 Japanese-Style Vocational Guidance and Reliable Qualification Acquisition Program

It is critical to master Japanese manner when getting a job in Japan. We support you with a wide range of certification exams as well as Japanese language proficiency tests, boasting a high acceptance rate.

Part-time Jobs for FSG International Students

FSG introduces part-time jobs to support your life, balancing study and work. Many types of part-time jobs are offered, such as manufacturing in a factory and servicing in a restaurant.

Wage is 850 - 1,150 yen per hour.
Income reaches 90,000 - 120,000 yen per month.

You can work longer during the spring, summer and winter vacation and save money for school and living expenses. Jobs can be selected depending on your Japanese level.
* In Japan, international students are allowed to work up to 28 hours a week (up to 8 hours a day during a long vacation).

Notice With the introduction of the Social Security and Tax Number System (the My Number System) in Japan in October 2015, the personal identification number is to be given to each of international students as well. Total of your working hours and income is identified and reported using this number. FSG aligns with the students' employers such that the students can be engaged in their jobs within the time frame allowed by law. We also provide a financial plan designed for the individual student in order to support the students' life on the financial front.

Samples of Part-time Jobs

Restaurants, Japanese pubs, logistics/cleaning, supermarkets, convenience stores, hotels and etc.

We will introduce part-time jobs which you can work safely!

- We introduce a part-time job on request.
- Language level is not critical.

There are various benefits from part-time jobs as well.

- ◎Transportation service
You can feel safe because we have transportation service from school to a working place and from your working place to your home by car.
- ◎Meal service
If you work part-time at a restaurant, meals may be offered.
- ◎You can make friends.
You will befriend with Japanese colleagues and you can make friends outside school!

You can feel safe because the school firmly supports you!

School Life

We are ready to provide consultation for you from learning issues to difficulties in daily life.

- Homeroom Teachers
Your homeroom teacher is always ready to offer assistance to each one of you from learning to school life.
- Classes by Professional Lecturers
Our educational environment is supported by excellent lecturers representing diversity of careers with the latest knowledge and technologies.
- Enhanced Japanese Learning
We conduct "Japanese continuation classes" and "Business Japanese classes."
- Free WIFI service in school
You can use Free WIFI within all FSG school buildings and the grounds. You can also use free Internet communication while you are at school.

●FSG International Center

Plays a leading role in overall international activities of FSG, serving as a contact with demonstration schools abroad, and provides consultation for international students to support their admission and campus life. In addition, explains procedures related to resident status including visa obtaining, extension and renewal, how to apply for scholarship, how to earn a credit, ensuring the students can focus on their studies free from anxiety.

For more information about each program, go to our home page for FSG international students or contact us by the dedicated e-mail address.
